**MORE THAN A SPOONFUL OF SUGAR
FROM WALTERS WICKER**

Walter's Wicker, Inc., manufacturers of exclusive high-end wicker furniture for the residential and contract markets, introduces the curvaceous **Geneve**, a beautiful honey-colored solid chest fashioned of crushed sugarcane. Resting securely on for tapered legs, **Geneve** has three concavely shaped drawers with open hand grips located at the top center of each drawer. The convex shapes are echoed on the sides of the piece. A distinctive horizontal distressed textural effect enhances the front drawer panels. Vertical positioning of the sugar cane on the sides causes the illusion of wave-like movement. Smooth solid pieces at the corners frame the chest and accentuate the curves.

Geneve with its unique island feel is a stylish addition to any room where attractive storage space is desired. The solidity of the piece makes it suitable for both residential and commercial applications. **Geneve** is available only in the natural finish shown.

Dimensions:
49"W X 20"D X 36"H **(80310)**

Walter's Wicker, Inc., maintains showrooms in the D&D Building in New York and the DCOTA in Dania, Florida. They are represented in designer showrooms nationwide.
