**SMOOTH LANDINGS AT I4 MARIANI USA**

**i4 MARIANI, U.S.A. Inc.**, manufacturers of the finest contemporary furniture, introduce **Landing**. Designed by Mauro Lipparini, the **Landing** sofa has a floating appearance with its clean horizontal continuous lines and series of soft platform shapes which are gracefully echoed in the metallic bases. **Landing** is part of a collection that includes the sofa available in 4 sizes, an armchair and two coffee tables. **Landing** offers sophisticated style, precision engineering and unparalleled comfort.

The **Landing's** outside frame consists of a poplar plywood base covered in full hide saddle leather. Back cushions are fixed to the frame and are comprised of polyurethane core surrounded by down on all sides. The seat cushions are not fixed to the frame and are comprised of a polyurethane base and a down upper layer. The arm cushions are 100% down. Two chrome platform bases connected to tubular metal supports attach to the frame and support the sofa. Saddle leather options for the frame include 23 stock colors. Upholstery alternatives for the seats include over 400 stock fabrics and leathers. Bases are available in chrome, polished or brushed; or in a choice of 8RAL colors.

The **Landing**, the newest introduction from **i4 Mariani USA**, offers the luxury of hand finishing and exquisite detailing with a variety of options to suit any room requirement for both home and corporate environments.

Dimensions for the **Landing**:  
105 1/8" x 35 5/8" x 28 1/2"
