**THE LIMOUSINE FROM I4 MARIANI USA  
A LUXURY MODULAR SEATING SYSTEM  
OFFERING SOPHISTICATED STYLING AND SUPERIOR COMFORT**

**i4 MARIANI, U.S.A. Inc.**, manufacturers of the finest contemporary furniture, introduce **Limousine**. Designed by Guido Faleschini, the **Limousine** is the essence of luxurious living. A wide variety of configuration and style options, unparalleled comfort and opulent accessory choices, make **Limousine** the Rolls Royce of sofas.

The Limousine frame consists of poplar heartwood, seasoned for at least three years on the company premises. It is then upholstered in the highest density CFC-Free polyurethane foam weighing 5 pounds per cubic foot. This foam is completely non-deformable. It is additionally padded with bonded plush and polyester wadding. The movable smooth and quilted back cushions consist of "Technolat", a mixture of silicon-coated polyester and latex foam that has the softness of down but has the "memory effect" of returning to its previous shape no matter how long you have been sitting on it. The sofa rests on laser contoured steel supports that are chromium-plated, combined with a leather strip to prevent floors from scratching.

Luxurious optional accessories include a cushion with headrest, armrest trays in polished stainless steel and a concealed mobile bar operated by an electric motor with push button control. The wide armrest sections of **Limousine** are available with drawers. Upholstery choices include a vast array of elegant leather and fabrics in a wide range of colors.

**Limousine**, the latest introduction from **i4 Mariani USA, Inc.**, offers expert hand finishing and exquisite detailing with a multiplicity of options to suit any taste or room requirement in sophisticated homes and corporate environments.

**i4 MARIANI U.S.A. Inc.**, the sole distributor for i4 Mariani, Spa Italy is headquartered in New York City and represented in a continuously expanding network of independent showrooms in NYC, CT, GA, Washington D.C., FL, IL, Cupertino, Northern and Southern, CA, AZ and WA.
