### GIATI DEBUTS CREATIVE NEW 2010 TRIM LINE

**GIATI DESIGNS, INC.**, debuts an imaginative new collection of luxurious trims, tassels and tiebacks. Once again **Giati** raises the bar on innovative interior/exterior products for the residential and hospitality markets. The new 2010 Trim Line has been designed to coordinate with their fabric collections: Elements, introduced in 2008 and the new Arabian Nights Oasis Collection. Arabian Nights, making its debut this spring, is an exotic and mysterious group, inspired by the romantic period of the spice and silk trade with the Far East.

The Trim 2010 collection includes twelve handsome colors that can be combined in an array of stunning combinations and applied to a variety of styles. Comprised of 100% solution dyed acrylic, the collection includes brush fringes in the traditional style, available in both solid and multi-colors; brush fringes in the shoe lace style, available in multi colors (perfect for umbrellas); and brush fringes in terry cloth style (an innovation) in solid colors that have the textured aspect of coral or Spanish moss. A large scale cording is also available in both multi and solid colors.

All **Giati** textiles are guaranteed against fading, splitting, peeling or cracking. They are water and mildew resistant and sunfast. The new Trim Line presents an attractive and creative way to enhance pillows, umbrellas or pavilions. Interest and drama is easily achieved in any indoor or outdoor room by adding some pizzazz with trims.

**GIATI DESIGNS, INC.** manufacturer of quality crafted indoor/outdoor teak furniture, cast aluminum furniture, market umbrellas and imported European all-weather textiles is headquartered in Santa Barbara, California. **GIATI** products are available through a national network of designer showrooms and independent sales representatives.
