GIATI COLLABORATES WITH GLENN PECKMAN TO DEVELOP A LUXURIOUS NEW INTERIOR/EXTERIOR TEXTILE COLLECTION

GIATI Designs, Inc., manufacturer of quality crafted indoor/outdoor teak furniture, die-cast aluminum furniture, Market Umbrellas and European all-weather textiles, has collaborated with textile designer, Glenn Peckman to introduce ***Waterways***, an all encompassing, sophisticated fabric collection. The most diverse woven collection from **Giati** thus far, this luxurious assemblage includes a wide array of intricate weaves, subtle patterns, textures, sheers and rich solids in a myriad of colors. Soft botanical motifs and embossed velvets add elegance to this beautifully designed collection.

Comprised of 100% solution-dyed acrylic, ***The Waterways Collection*** is guaranteed against fading, splitting, peeling or cracking. These beautiful textiles are also water and mildew resistant, as well as sunfast. Abrasion test requirements classify them as suitable for both residential and commercial applications.

Glenn Peckman's thoughts on ***The Waterways Collection***: "Creating fabrics for outdoor use, opens a window on the world. These are fabrics that will reflect sunlight and play with shadows. At the same time, they have the sophistication to enhance indoor environments. These are patterns and textures that bring nature's richness to any setting."

The Waterways Collection is the prelude to a second set of Glenn Peckman's original textile designs which **Giati** will launch next year.

A freelance designer and international consultant, Glenn Peckman has twenty-five years of experience in the contract and residential markets. He has designed fabrics for Donghia, Marharam, HBF Textiles and Arc-Com Fabrics.

GIATI Designs, Inc. is headquartered in Santa Barbara, California. Manufacturing facilities are located in Santa Barbara. Giati products are available through a national network of designer showrooms and independent sales representatives.
