GIATI ADDS NEW BAR CHAIR TO LUXURIOUS CASTILLO COLLECTION

GIATI Designs, Inc., manufacturer of quality crafted interior/exterior teak furniture, hand-cast aluminum furniture, market umbrellas, pavilions and European all-weather textiles has added a stunning bar chair to their luxurious and sophisticated **Castillo Collection**. This brilliantly designed new chair is part of a collection that also includes a lounge chair, sofa, loveseat, chaise, ottoman, dining armchair, side chair, side table, coffee table and both square and round dining tables.

Designed to withstand the rigors of exterior use, the **Castillo Bar Chair** is expertly cast by hand and finished in bronzed aluminum. The woven metal seat is inset into the grooves in the frame and welded. Welding work is precise, smooth and imperceptible. Each piece features "hand carved" detail work, such as beautiful fluting on the legs. Fabrication techniques inherent in fine wood furniture are also incorporated into the crafting of **Castillo Bar Chair**. This construction, uncommon in metal furniture, adds stability and integrity to the piece.

The bar chair is available with a cushion which may be upholstered in any fabric from the extensive **Giati** textile collections.

Castillo Bar Chair Dimensions:

18.75"W x 24.25"D x 47"H
Seat Height with cushion 31.25"

GIATI Designs, Inc. is headquartered in Carpinteria, California. Manufacturing facilities are located in Carpinteria. **Giati** products are available through a national network of designer showrooms and independent sales representatives.
